

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_12V POWER SOCKET	12 volt lighter/power socket. A recommended item in any boat, can be used for spotlight, laptop, radio or phone charger. Additional sockets placed in fwd cabin or transom area are also very handy.		\$6.88
B_ABP - BUILDERS PLATE	A builders plate MUST be fitted to every vessel. Drawings given with each vessel kit include the hull HIN number and the data to be engraved into the builders plate. The correct foam volume must be fitted to the vessel to comply with basic floatation.		\$18.00
B_BAIT BOARD 500 WIDE	Aluminium bait board kit, 500mm wide including poly cutting board and 2 rod holders. All parts provided with welding and assembly instructions.		\$125.00
B_BAIT BOARD 700 ALUM	Aluminium bait board kit, 700mm wide including poly cutting board and 3 rod holders. All parts provided with welding and assembly instructions.		\$165.00
B_BAIT BOARD 800 ALUM	Aluminium bait board kit, 800mm wide including poly cutting board and 3 rod holders. All parts provided with welding and assembly instructions.		\$195.00
B_BAIT BOX LARGE POLY 04-529	Large poly roto-moulded storage box, 425 x 170mm cutout. Comes with hinged lid. Can be fitted into transom cockpit shelf.		\$71.10
B_BAIT BOX SMALL POLY 04-419	Small poly roto-moulded storage box, 270 x 170mm cutout. Comes with hinged lid. Can be fitted into transom cockpit shelf.		\$45.75

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_BATTERY BOX (STANDARD)	Plastic battery box, medium size, with lid. Suits Ideal for mounting on shelf floor when easy access to barreries is required. Comes with strap to hold down lid.		\$13.60
B_BATTERY BOX LARGE	Plastic battery box, large size, with lid. Suits Ideal for mounting on shelf floor when easy access to barreries is required. Comes with strap to hold down lid.		\$14.96
B_BATTERY TRAY LARGE	Plastic battery tray with plastic screw down posts and nuts. Ideal for mounting on shelf floor when easy access to barreries is required.		\$13.40
B_BILGE PUMP TMC 1000GPH 12V	Heavy duty TMC 100gph bilge pump. These pumps are mounted under the swimdeck in the rear of the boats. The pumps are mounted on a quick release bottom plate for quick removal for inspection.		\$46.48
B_BOAT COURSE INTENSIVE	A week long intensive Boat building course. These are held at our factory in Cheltenham, 4 - 5 times per year. Monday - Friday 8.00-4.30pm. Course dates are posted on the website under "Boat Kits" -> "Build Course".		\$850.00
B_BOAT COURSE W/E	A weekend course in welding and Boat building. These are held at our factory in Cheltenham, 1 or 2 times per year. Four consecutive Saturdays 7.00-5.30pm. Course dates are posted on the website under "Boat Kits" -> "Build Course".		\$850.00
B_BOLLARD - 100MM ALLOY	Cast aluminium bollard to be welded to boat. These can be positioned where desired. All kits normally mostly 3 cast bollards. Additional bollards can be purchased if desired.		\$15.51

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_BOLLARD SPLIT S.S CAST 84mm	These bollards are sometimes fitted at the rear of the bow sprit in front of the anchor well. This allows the anchor to be located in position in the sprit and the chain pinned through this bollard. The bollard can also be used for rope tie off when the anchor is depolyed.		\$82.47
B_BOW SPRIT KIT (ALUM)	Aluminium weld on bow sprit made from 8mm material. Designed to suit most anchors and the kit includes poly rollers and stainless steel bolts & nuts.		\$75.00
B_BUNG BILLY 38mm	Plastic bung with full seal and self drain function. Suits std 38mm hole and will shut off at rest and drain under way.		\$18.00
B_BUNG DRAIN 38mm BLACK	Standard 38mm drain bung. This bung may be used for the main keel drain bung and also in other installations where bungs are required. There are made from plastic.		\$3.50
B_BUOYANCY FOAM	Survey approved buoyancy foam, in sheets 2000 x 1000 x 50mm thick. Sheet volume is 0.1m3 per sheet. Buoyancy foam is a requirement for all boats.		\$50.00
B_BURLEY MARLIN BOARD - POLY	Roto-moulded poly burley bucket for mounting on the marlin board. Comes with aluminium masher with "T" handle. Builder to check mounting height when fitting, if unsure ask the staff at Plate Alloy.		\$79.50
B_BUSS BAR BLACK COVER 6 WAY	Black plastic cover to cover the negative terminals of the 6 way buss bar. These covers protect the active terminals from accidentally shorting out other electrical components.		\$5.36

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_BUSS BAR RED COVER 6 WAY	Red plastic cover to cover the positive terminals of the 6 way buss bar. These covers protect the active terminals from accidentally shorting out other electrical components.		\$5.36
B_BUSS BAR TERMINAL 6 WAY DBLE	These buss bars are fitted as part of our standard electrical installations. These buss bars have plastic insulated mounting blocks and optional covers are also available. Small boats may use 1 of these, larger boats may use 2 of these units.		\$25.85
B_COAM 3 ROD RACK _____	Adjustable 3 rod rack with 25mm diameter aluminium tubes and angle ends. Can be mounted on boat shelf or on flat surface. These units have slots for the reels which prevent the rods swivelling.		\$25.28
B_COAM 4 ROD RACK 05-314	Adjustable heavy duty 4 rod rack with 25mm diameter aluminium tubes and aluminium angle ends. Can be mounted on boat shelf or on flat surface.		\$72.70
B_COAM 6 ROD RACK 05-350	Adjustable heavy duty 6 rod rack with 25mm diameter aluminium tubes and aluminium angle ends. Can be mounted on boat shelf or on flat surface.		\$90.00
B_CONS-CLOSED-650	Aluminium kit parts provided for this 650mm wide closed style centre console, comes with welding and assembly instructions. Additional elements for fit out are available from P.A.A.		\$725.00
B_CONS-OPEN-1000	Aluminium kit parts provided for this 1000mm wide open type centre console, comes with welding and assembly instructions. Additional elements for fit out are available from PAA.		\$995.00

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_CONS-OPEN-700	Aluminium kit parts provided for this 700mm wide open console comes with welding and assembly instructions. Additional elements for fit out are available from PAA.		\$675.00
B_CONS-OPEN-800	Aluminium kit parts provided for this 800mm wide open style console, comes with welding and assembly instructions. Additional elements for fit out are available from PAA.		\$795.00
B_DASH MODULE 1	The aluminium dash module kit has been designed to fit many of the runabout types of kits or boats with provision for a dash to be fitted. Made from 3mm aluminium the module has a removable front plate.		\$175.00
B_DOWNRIGGER	These downriggers are available for addition for those who enjoy controlled depth fishing with their lures or live baits. Heavy duty aluminium construction. Include mounting post to fit in standard rod holder.		\$413.40
B_DOWNRIGGER RELEASE PLATE	Quick release mounting plate designed for the downriggers. The baseplate can be bolted to the boat and the downrigger assembly can be quickly "clicked in" on the quick release mounting plate when required.		\$88.63
B_FIRE / EPIRB BOX	A plastic fire extinguisher box normally mounted in the seat boxes of our vessels. Mostly with larger boats the hole is pre-cut and these boxes keep extinguisher or epirb on hand.		\$24.95
B_FLANGE-RECES. RECT	Standard rigging flange in a rebated option. This flange uses standard 63mm O.D rigging hose. These are normally mounted at or above shelf level on the rear of the cockpit transom.		\$7.18

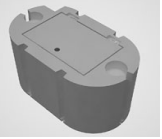

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_FLANGE-ROUND	Standard rigging flange in a rebated option. This flange uses standard 60mm O.D rigging hose.		\$26.00
B_FUEL BREATHER	Normally we recommend a combination type filler cap which includes a tank vent. These individual vents are used if a custom tank is used or if a stand alone filler is used. To suit 16mm I.D hose		\$8.10
B_FUEL FILLER W/BREATHER-38-16	Our standard fuel filler we fit to most of our vessels. This fuel cap is of the vented type and provides for 38mm filler and 16mm vent tube fitting.		\$35.90
B_FUEL FILTER KIT - MERC.	Recommended on all boats is a high quality fuel filter with clear sediment bowl. These filters have replacement cartridges available. Fuel fittings included.		\$56.60
B_FUEL HOSE 10MM	Approved 10mm fuel line for petrol and diesel use. Sold by the metre. This fuel line normally suits larger engines where higher flow is required.		\$7.50
B_FUEL HOSE 16MM	Approved 16mm fuel line for petrol and diesel use. This size is normally used for fuel tank vent tube. Sold by the metre.		\$14.00
B_FUELFILL HOSE 38 CUSTOM	Standard custom 38mm fuel filler tube. Suits most boats with under floor fuel tanks. Specifications, 38mm I.D, 900mm x 300mm 90 degree bend.		\$69.80

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_FUEL HOSE 8MM	Approved 8mm fuel line for petrol and diesel use. Sold by the metre.		\$6.00
B_FUEL TANK 110L 11-406	This poly tank is suitable for the 5.3m and 5.8m range of vessels. Supplied tested with sender fitted. Please discuss tank model before purchase as other sizes may be available.		\$397.50
B_FUEL TANK 125L 11-394	This poly tank is suitable for the 6.2m range of vessels. Supplied tested with sender fitted. Please discuss tank model before purchase as other sizes may be available.		\$414.00
B_FUEL TANK 145L 11-900	This slightly larger poly tank is suitable for the 5.3m and 5.8m range of vessels. Supplied tested with sender fitted. Please discuss tank model before purchase as other sizes may be available.		\$525.00
B_FUEL TANK 200L POLY 11-472	This poly tank is suitable for the 7.4m range of vessels. Supplied tested with sender fitted. Please discuss tank model before purchase as other sizes may be available.		\$581.25
B_FUEL TANK 30L POLY 11-726	This poly tank is suitable for the 4m range of vessels. Supplied tested with sender fitted. Please discuss tank model before purchase as other sizes may be available.		\$264.00
B_FUEL TANK 60L 11-398	This poly tank is suitable for the 4.6m range of vessels. Supplied tested with sender fitted. Please discuss tank model before purchase as other sizes may be available.		\$375.00

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_FUEL TANK 85L 11-399	This poly tank is suitable for the 4.8m range of vessels. Supplied tested with sender fitted. Please discuss tank model before purchase as other sizes may be available.		\$390.00
B_HATCH- 375 x 280	White plastic storage hatch 375 x 280mm. These hatches are high quality and U.V stable. Can be positioned where desired.		\$46.95
B_HATCH- 380 x 380	White plastic storage hatch 380 x 380mm. These hatches are high quality and U.V stable. Can be positioned where desired.		\$67.20
B_HATCH- 600 x 250	White plastic storage hatch 600 x 250mm. These hatches are high quality and U.V stable. Can be positioned where desired.		\$92.40
B_HATCH- 600 x 360	White plastic storage hatch 600 x 360mm. These hatches are high quality and U.V stable. Can be positioned where desired.		\$88.60
B_HATCH 500 FRAME - TACKED ALI	For fitting the glass opening hatch to your vessel we supply this tacked together frame ready to weld on. Allows you to fit flat hatch to curved surface quickly and easily.		\$85.00
B_500 NIBO HATCH 170818	Our range of runabout, cuddy cab, hardtop and centre cab vessels have the option of an opening hatch in the forward area. The hatch is a high quality model with tinted glass and lockable struts.		\$573.10

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_HELMET UMGWH	A good quality welding helmet with variable shade and delay. Viewing area 96 x 42 mm, Helmet 9-13 variable, Reaction time 1-10000 sec, Adjustable Reopening delay 0.1-0.9 sec, 2 year warranty.		\$130.00
B_HYD KIT ULTRAFLEX TO 150 Hp	We stock two models of hydraulic steering kits. This ultraflex kit is an imported unit and is slightly cheaper than the hydrive model. Suitable for engines up to 150Hp.		\$875.81
B_HYD.STRAIN RELIEF PAIR.	These strain relievers are used where the hydraulic lines are fitted through the transom. These fittings avoid kinking of the hydraulic lines when the steering is moved.		\$33.15
B_HYDRIVE KIT	Our recommended Australian Made hydraulic helm kit. Suits engines to 250HP+. These helm units are our recommended type and are fitted to all the boats we manufacture.		\$1,018.38
B_INSP 6" TEMPRESS PORT SCREW	There are two types of 6" access port, the nylon std type or this heavy duty type. This screw in type is very strong, with a coarse thread.		\$19.60
B_INSP 8" TEMPRESS PORT SCREW	This is the only 8" access port that we stock. This 8" (250mm), screw in type is very strong, with a coarse thread.		\$32.20
B_INSP. PORT 6" NYLON	High quality inspection port made from nylon. These are normally fitted on the swim deck to allow access to the engine bolts on the outboard.		\$15.30

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_INSP. PORT 8"- POLYPROP	Standard 8" inspection port made from polypropylene. These are normally fitted on the swim deck to allow access to the engine bolts on the outboard.		\$7.48
B_LED ANCHOR 230 FOLD	This folding anchor light is normally used on larger boats when fitted to the cabin top or top of rocket launcher or "T" top. LED technology has low power consumption.		\$43.20
B_LED ANCHOR 42" SOCKET	This folding anchor light is normally used on smaller boats when fitted to the gunnel. The pole is removable with a clip in connector when required. LED technology has low power consumption.		\$59.20
B_LED EXTER. LAMP NO S/W	Internal LED lamp - ideal for inside cabins etc. Note: Switch required for illumination. LED technology has low power consumption.		\$62.40
B_LED INT LAMP W/SWITCH	Internal LED lamp - ideal for inside cabins etc. This light has night function inbuilt. Note: Switch included in lamp. LED technology has low power consumption.		\$102.67
B_LED SHELF LIGHT	Standard under shelf LED lamp. These lights clip into standard aluminium brackets that come with most boat kits. LED technology has low power consumption		\$12.64
B_LED WORK LIGHT - 6 LEDS	Waterproof LED light in a waterproof enclosure, suitable for outdoor fitting. These lights have 6 LED lamps and are mounted in a heavy duty aluminium casing. LED technology has low power consumption.		\$97.20

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_LIVE BAIT TANK GHP 04-315	This live bait tank is designed to be fitted to the vessel when required. Many anglers do not live bait fish all the time, so it is convenient to fit the tank when required, normally on the starboard side of cockpit transom.		\$277.50
B_LIVEWELL BLUE	These led lamps are low voltage and sealed for underwater use to 1m. Ideal for livewell tanks, and these lamps are available in white or blue. LED technology has low power consumption.		\$7.00
B_LIVEWELL WHITE LAMP LED	These led lamps are low voltage and sealed for underwater use to 1m. Ideal for livewell tanks, and these lamps are available in white or blue. LED technology has low power consumption.		\$7.00
B_MUIR DFF08 KIT	These Australian Made drum winches are of the free fall type. The DFF08 will suit boats from 5 - 8 metres. This winch is a free fall type unit. Note: Winch only rope & chain not included.		\$2,548.00
B_MUIR DFF10 KIT	These Australian Made drum winches are of the free fall type. The DFF10 will suit boats from 7 - 10 metres. This winch is a free fall type unit. Note: Winch only rope & chain not included.		\$2,963.00
B_MUIR HFF600 KIT	The Muir HFF600 free fall winch is suitable for use on vessels from 5m to 10m. The winches are above deck mounted and include a free fall feature. These winches are Australian Made and this model INCLUDES 50m rope and chain.		\$1,251.90
B_NAV LIGHTS P & S - LED	These LED navigation lights are used on all boats. The lights are of the LED type and are white in color. LED technology has low power consumption		\$38.40

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_PEDESTAL FIXED 450MM	This budget priced pedestal has a solid mount and the top bracket can take most seat mounting plates for slider or swivel.		\$86.68
B-PEDESTAL MOUNTING PLATE 8MM	This 8mm aluminium pedestal mounting plate was developed for welding to the deck to allow threaded attachment of the pedestal.		\$18.40
B_RIGGING 60 HOSE	U.V stabilised black flexible rigging hose sold by the metre. Used with either round flange or rectangular flange connector.		\$25.00
B_ROLD HOLDER ALLOY WELDON	These aluminium weld on rod holders are of heavy duty type with slot pin at the base. Material is cast aluminium and may be welded to the boat where desired.		\$22.50
B_4 GANG S/W PANEL	All boats require switch panels. This 4 gang may be ideal for smaller boats or 2 x 4 gang panels on larger boats.		\$78.46
B_6 GANG S/W PANEL	All boats require switch panels. This 6 gang may be ideal for smaller boats or 2 x 6 gang panels on larger boats.		\$103.10
B_SAFRA-1.2/5356	The wire we recommend for the welding of all of our boat kits. This is a premium grade 5356 aluminium welding wire of 1.2mm diameter. This wire has excellent tolerance for optimum feeding.		\$105.00

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_SCREEN 4 PC. ALFAB	Curved glass windscreen kit, 4 piece, with side panels fitted with acrylic inserts. All windscreens come with anodised aluminium silver frames. Kit includes frames and trim inserts.		\$1,209.00
B_SCREEN 5 PC.ALFAB	Curved glass windscreen kit, 5 piece, with side and centre panels fitted with acrylic inserts. All windscreens come with anodised aluminium silver frames. Kit includes frames and trim inserts.		\$1,341.00
B_SCUPPER LARGE	Aluminium scupper vent (large) as supplied with our kits. Most kits use these large scuppers. They are included in the kits. They can also be used as a roof vent if desired.		\$78.33
B_SCUPPER SMALL	Aluminium scupper vent (small) as supplied with our kits. These smaller sized scuppers are used only on our smaller boats. They are included in the kits		\$71.60
B_SEAT FOLD CHAR/GREY NAVI	These seats are the best and most comfortable that we have been able to find. Made in America, they are upholstered in high quality vinyl and are extremely comfortable. These folding seats are grey/charcoal in color.		\$164.58
B_SEAT HI BACK ELITE CHAR/GRY	These seats are the best and most comfortable that we have been able to find. Made in America, they are upholstered in high quality vinyl and are extremely comfortable. These seats are grey/charcoal in color.		\$345.00
B_VSR 125A W SWITCH	The VSR is a battery switch which can be used to connect to two batteries and charge or discharge either battery by switch selection. It is recommended for use on boats with twin battery systems.		\$153.98

PAA Part Number	Description	Thumbnail	Price (Ex GST)
B_WHEEL-SPORT BLK ALLOY 310MM	This is our choice for high quality steering wheel. Size is 310mm across the diameter. This wheel has an aluminium centre with plastic rim. Includes boss cover cap.		\$122.50
B_WLD-250 MULTI PULSE	The ultimate machine for the home boat builder. This pulse machine operates on 240 Volts with 250 amps of power. The machine has a digital interface and has features of machines 5 times the price including double pulse welding.		\$3,280.00
B_WLD-SNAKE 6M KEMMPI	These snake welding guns are very useful when boat building. The 6m torch enables the builder to move around the boat for welding without moving the welding machine. Lightweight torch with Euro fitting.		\$830.00
B_WLD 250 INVERTER UNIMIG	A great value MIG welder for the home builder. This inverter type machine will weld aluminium to 8mm and includes 3m gun and aluminium setup.		\$1,699.00
